Instructions

These questions can be used in a variety of ways.

Warm-Up: Start your classes off with a few brain-teasers to get your students active and ready for the main lesson. Each section (7-10 trivia questions, or 4-6 riddles) should take less than five minutes to complete. Be sure to keep track at the bottom of each section the date and class you used them in. **Hint:** Use pencil and you can erase it at the end of the school year.

Time-Filler: Keep this book handy to pull out in case you have a few extra minutes at the end of the lesson. It's the perfect way to fill some dead-time and you can choose a section relevant to whatever you're teaching (science/ math/ language, etc.). Again, keep track of the date and class in pencil at the bottom of each page.

Early-Finisher Activity: You know those annoying students who always seem to finish everything really quickly? Print off a stack of these trivia and riddles worksheets and let students get to work. Make sure you follow the links to get the PDF worksheets, minus the answers!

Web-Quest: If you're teaching your students how to find information on the Internet, the trivia question handouts will work perfectly. Each set of questions should take students between 1-2 minutes/ question, so a total of 7-15 minutes.

Note: This activity is meant to be used in conjunction with our book ***501 Riddles and Trivia Questions for Kids***, where you can find the answers to the questions.

Countries Around the World

Easy 1 (8 questions)

Which country is Paris the capital city of?

Name three countries in North America.

Which country is the biggest in terms of size?
