Instructions

These questions can be used in a variety of ways.

Warm-Up: Start your classes off with a few brain-teasers to get your students active and ready for the main lesson. Each section (7-10 trivia questions, or 4-6 riddles) should take less than five minutes to complete. Be sure to keep track at the bottom of each section the date and class you used them in. **Hint:** Use pencil and you can erase it at the end of the school year.

Time-Filler: Keep this book handy to pull out in case you have a few extra minutes at the end of the lesson. It's the perfect way to fill some dead-time and you can choose a section relevant to whatever you're teaching (science/ math/ language, etc.). Again, keep track of the date and class in pencil at the bottom of each page.

Early-Finisher Activity: You know those annoying students who always seem to finish everything really quickly? Print off a stack of these trivia and riddles worksheets and let students get to work. Make sure you follow the links to get the PDF worksheets, minus the answers!

Web-Quest: If you're teaching your students how to find information on the Internet, the trivia question handouts will work perfectly. Each set of questions should take students between 1-2 minutes/ question, so a total of 7-15 minutes.

Note: This activity is meant to be used in conjunction with our book *501 Riddles and Trivia Questions for Kids*, where you can find the answers to the questions.

Holidays and Special Days

Easy (8 questions)

When is Valentine's Day?

When is Halloween?

What kind of meat is traditionally eaten at Thanksgiving in Canada and the US?
