## Instructions

These questions can be used in a variety of ways.

**Warm-Up:** Start your classes off with a few brain-teasers to get your students active and ready for the main lesson. Each section (7-10 trivia questions, or 4-6 riddles) should take less than five minutes to complete. Be sure to keep track at the bottom of each section the date and class you used them in. **Hint:** Use pencil and you can erase it at the end of the school year.

**Time-Filler:** Keep this book handy to pull out in case you have a few extra minutes at the end of the lesson. It's the perfect way to fill some dead-time and you can choose a section relevant to whatever you're teaching (science/ math/ language, etc.). Again, keep track of the date and class in pencil at the bottom of each page.

**Early-Finisher Activity:** You know those annoying students who always seem to finish everything really quickly? Print off a stack of these trivia and riddles worksheets and let students get to work. Make sure you follow the links to get the PDF worksheets, minus the answers!

**Web-Quest:** If you're teaching your students how to find information on the Internet, the trivia question handouts will work perfectly. Each set of questions should take students between 1-2 minutes/ question, so a total of 7-15 minutes.

**Note:** This activity is meant to be used in conjunction with our book ***501 Riddles and Trivia Questions for Kids***, where you can find the answers to the questions.

**Language**  
**Easy 1 (8 questions)**

What word that sounds the same can mean a letter in the alphabet, a drink, or something you use when you play golf?

What word that sounds the same can mean correct, or to use a pen?
